

### Who is ParkEMU?

ParkEMU is responsible for the majority of the operation of Eastern Michigan University's parking system, including management of the permit system, parking enforcement, customer service, motorist assistance and most parking facility maintenance. The parking system is comprised of over 9,000 parking spaces spread throughout 57 parking lots and 2 parking garages. ParkEMU is committed to delivering the highest quality parking experience, while utilizing state of the art technologies to the Eastern Michigan University campus.

### Am I eligible for free parking?

ParkEMU's policy allows complimentary parking for parkers with the yellow 'Free Parking' sticker on their handicap placard. This 'Free Parking' sticker is issued by the Secretary of State. A complimentary permit associated with the 'Free Parking' sticker can be obtained by visiting the ParkEMU office.

All persons who have a standard State of Michigan-issued handicap permit or temporary handicap permit will be responsible for faculty/staff permit (for the current semester) or hourly parking fees.

### What is LPR (License Plate Recognition)?

ParkEMU will be installing a LPR system in Fall, 2018. The system will track permit holders and efficiently monitor parking spaces, while giving parking office the ability to effectively issue citations to any parkers not permitted in a specified parking zone. ParkEMU vehicles will be outfitted with the LPR tracking technology, which utilizes license plate numbers so that hang tags are not required. Parkers are strongly encouraged to pull forward into parking spaces, rather than to back into parking spaces.

### When are parking rules enforced?

Enforcement occurs 24 hours a day, 7 days week, including University holidays. A vehicle may be issued a citation once every 4 hours.

### How can I obtain a faculty or staff permit?

2018/2019 permits will be available for purchase/registration through the ParkEMU website beginning Monday, August 13, 2018. You can purchase/register for a permit by selecting the "Permit" tab on the website, then selecting "Staff/Faculty Permit", which will open a new page with all of the available permits. Once the proper permit is selected, you will enter your Emich user ID and password for verification to purchase the permit. The permit price (if any, depending on employment classification) will appear. You will then enter your vehicle information, license plate number and payment method (if needed) to obtain the permit. Cash/checks are not accepted when purchasing permits. After you have obtained the permit, the license plate number will be in the ParkEMU LPR system and recognized as a valid permit pass holder. **A physical hang tag is not required with the new LPR system and you do not need to visit the parking office after you purchase your permit.**

Faculty and staff can purchase parking permits with credit or debit card or through payroll deduction. Both options are available through the permit registration process online.

### How can I receive ADA accommodations?

Please reach out to the EMU Human Resources Department for more information regarding ADA accommodations at 734-487-3430.

### Who can I contact for vehicle assistance?

ParkEMU provides limited vehicle assistance services, including jump starts, tire changes and more. These services are provided between normal business hours (Monday through Friday from 8:00am to 5:00pm). Please call the ParkEMU office if you need assistance.

### Where is the ParkEMU office and when is it opened?

The ParkEMU office is located at 1200 Oakwood, connected to the EMU Police building. The office is open Monday through Friday from 8:00am to 5:00pm.
